The Fifth Annual Guze Symposium on Alcoholism

In Memory of Samuel B. Guze, MD

Samuel B. Guze, MD, was a pioneer in the field of alcoholism research. He joined the Washington University School of Medicine faculty in 1951, served as vice chancellor and president of the Medical Center from 1971 to 1989, and headed the Department of Psychiatry from 1975 to 1989 and again from 1993 to 1997. Dr. Guze was highly respected as a researcher, an administrator and a leader in the field of psychiatry.

Thursday, February 17, 2005

Eric P. Newman Education Center

Poster Session: all day

Registration and

Continental Breakfast: 8:00 – 9:00 am

Lectures: 9:00 am – 12:15 pm

Lunch: 12:15 – 1:15 pm

Lectures: 1:15 – 4:15 pm

Reception: 4:15 – 5:30 pm

About the Symposium

Presenters at the symposium will include experts on research related to alcoholism and comorbidity. The topics will include:

- Family study of comorbidity of alcohol use and psychiatric disorders;
- Alcoholism and externalizing disorders;
- Trauma, PTSD and substance use disorders;
- Comorbidity of alcoholism and sociopathy;
- Comorbidity of alcohol and social phobia;
- Comorbidity of alcoholism and schizophrenia.

A poster session displayed throughout the day will feature the latest findings by Midwest Alcoholism Research Center investigators and other contributors.

Meeting Award Opportunities

A limited number of meeting awards are available to NIAAA and other pre- and post-doctoral trainees as well as community-based individuals. The awards are intended to help defray costs associated with attendance at the symposium for those who would otherwise not be able to attend. Awardees will also have an opportunity to present a scientific poster if they wish (it is not a requirement). The application and registration brochure can be accessed from our web site at www.alcoholdependence.org or by e-mailing requests to GuzeSymp@matlock.wustl.edu. Award applications must be received by December 1, 2004.

Midwest Alcoholism Research Center

The Midwest Alcoholism Research Center (MARC) is one of 16 Alcohol Research Centers funded by the U.S. National Institutes of Health. MARC is a multisite Alcohol Research Center, with participating investigators from two leading Midwest research universities — Washington University (the lead institution) and the University of Missouri-Columbia, and from additional collaborators, Queensland Institute of Medical Research, Brisbane, Australia; the University of Iowa, Iowa City; and Palo Alto Veterans Administration, Palo Alto, California. Its research programs include statewide, national and international projects.

Sponsor

This activity is sponsored by Washington University School of Medicine, Continuing Medical Education.

Support

This activity is supported by grant AA013717 from the U.S. National Institute on Alcohol Abuse and Alcoholism and by an unrestricted educational grant from Anheuser-Busch Companies, Inc.

Disclosure Policy

It is the policy of Washington University School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational activities. All speakers participating in this activity are expected to disclose to the audience any significant financial interest or other relationship he/she has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation.

Accreditation

AMA—Washington University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Washington University designates this educational activity for a maximum of 8.5 hours in category 1 credit toward the AMA Physician's Recognition Award.

Continuing Education Units—Please refer to the registration form for specific information regarding the CEUs offered. Social work CEUs are available. For psychologists, the Missouri State Committee of Psychologists will accept the number of credits assigned by the AMA-CME.
